

# MEMORY CALCULATION GAME

## COUNTRY

Spain

## PLAYERS

From 2 to infinity

## MATERIALS

- A DICE with maths symbols
- A SET OF number CARDS

By Mar y Cayetana (10 years old)

## INSTRUCTIONS

- 1) Place the cards face down.
- 2) Roll the dice
- 3) Say a number
- 4) Pick up two cards that need to be used to make the result given

**Ex.**

The dice: multiplication

Person one says: 10

Person one picks up two numbers which they hope will multiply to make ten.

- 5) The person can repeat till they make a mistake. And then it passes to the next person.
